## COVID-19 guidelines

We are happy to say that our office is completely open for all procedures (hygiene and elective procedures included). While we understand you may still have hesitations, we want to assure you that we are following strict CDC guidelines to ensure patient and staff safety.

We are looking forward to seeing you all again soon, and hope you are staying safe during this time.

---

### Check-In Protocol

- We will be checking the temperature and pulse ox of all patients as they arrive for check in.

- We are having every patient fill out a COVID-19 form denying any symptoms

- All patients will be asked to use hand sanitizer and rinse with listerine prior to heading back to the operatory.

- Social Distancing guidelines will be enforced in the waiting room. Patient's appointment times will be spaced out to limit patients in the waiting room at one time

- We will be thoroughly disinfecting all areas between our patients in the waiting rooms, operatories, bathrooms, etc.

**Please stay home if...**

- You are **feeling sick**
- You have a **sick family member** at home

**We are here for you. Please call  
(302) 475-3270 with any questions/ concerns.**
